CHURCH BUSINESS DIRECTORY AGREEMENT

This Church Business Directory Agreement represents a “handshake” agreement between Christians In Business, Kingdom Press, and Bethlehem Church in Bethlehem, GA.

What we do:

- 1) Provide custom printed business directories to your church free of charge.
- 2) Provide and maintain an online business directory for your church.
- 3) Provide and maintain a business directory app for your church.
- 4) We are committed to help your church find ways to establish or enhance ministry to your business leaders.
- 5) When advertising support provides more books than needed for church families, we will give your church \$4 for each unprinted book. (Printed directories are provided based on advertising space sold @ 100 books per sheet).

What we ask you to do:

- 1) Make 3–4 church wide weekend announcements.
- 2) Send 1-2 church wide email announcements.
- 3) Place a business directory link on your church home page.
- 4) Distribute business directories to your church families.

Best Practices:

- 1) Three unique video announcements are provided and should be played before the offering is taken.
- 2) Business information cards (we provide) should be placed in the bulletin or behind seat backs or pews.
- 3) A banner should be placed on the church website encouraging businesses to sign up for the free listing.
- 4) A table should be available in the lobby for a Kingdom Press representative to assist in collecting cards.
- 5) A copy of the business directory should be given to each church family and to businesses that advertised.
